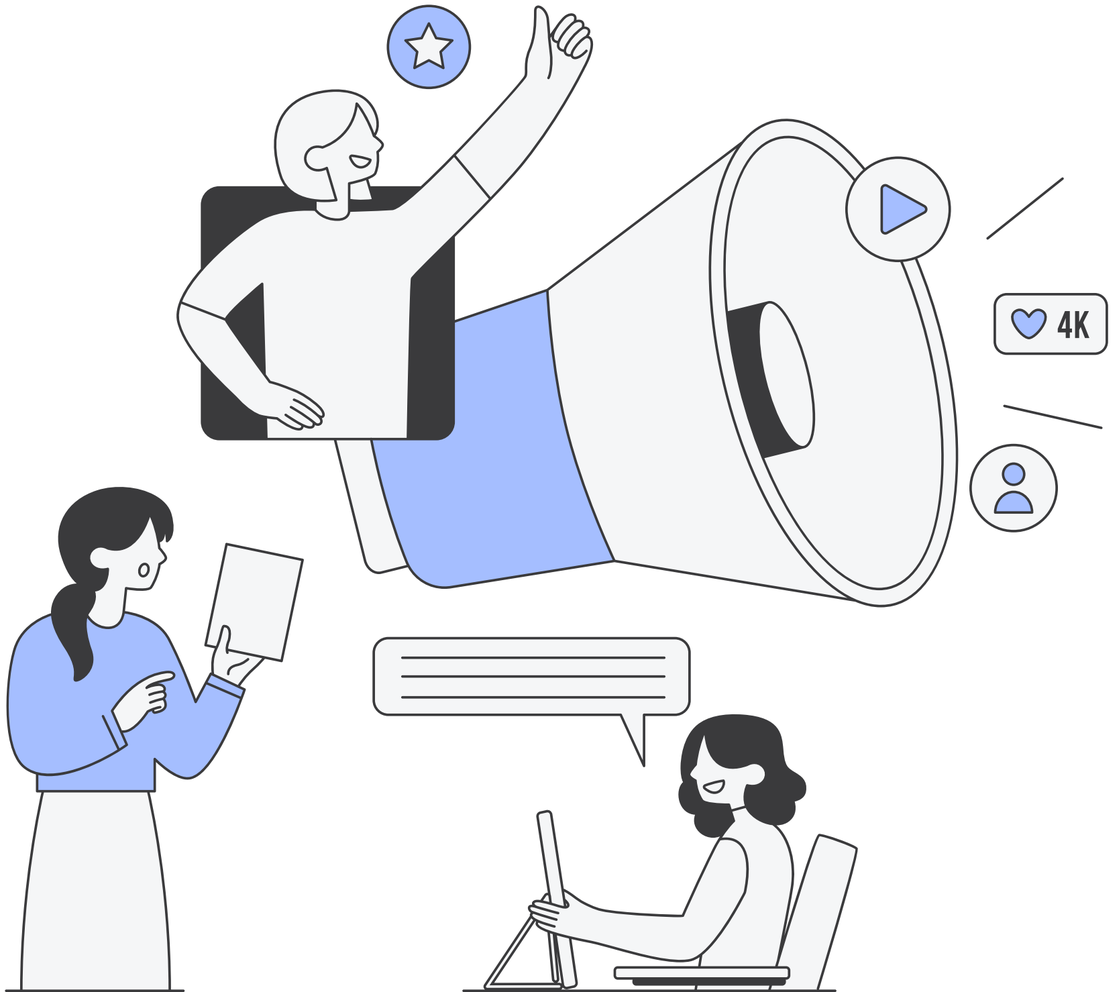
Call for Participants



Erasmus+ Virtual Exchange Programme

Are you a student interested in gaining international experience, developing new skills and connecting with peers from different countries?
Join our Erasmus+ Virtual Exchange Programme and become part of an international learning community!

Students from **Romania, Italy, Turkey, Georgia, Moldova, Ukraine and Armenia** will have the opportunity to interact, collaborate and exchange ideas in an international online environment while developing **personal, professional, digital and intercultural competences.**

The project is coordinated by **Aurel Vlaicu University of Arad (Romania)** and implemented together with **universities, NGOs and SMEs from all partner countries:** Millenium Center, Predict CSD Consulting, IUL Online University, Firat University, Moldova State University, Caucasus University, Batumi Shota Rustaveli State University, National University Yuri Kondratyuk Poltava Polytechnic and Gavar State University.

About the project

The project **„Acquiring Transversal Competences through Virtual Voyages”**, **ID 101193593,** co-funded by the **Erasmus+ programme**, aims at creating **virtual exchange opportunities** for students on the themes of **career decision and planning,** the **‘learning to learn’ competence** and **soft skills development.**

The project promotes **understanding and tolerance among 2100 students** from **Romania, Italy, Turkey, Georgia, Moldova, Ukraine and Armenia** through interaction and virtual exchanges of ideas, while also improving their **competencies and skills** in the mentioned areas.

At the same time, **university teaching staff, youth workers, and trainers** are supported in enhancing their digital literacy, soft skills, and their ability to implement new e-learning tools in their professional practice.

There are **three e-books** (*Career Box*, *Learning to Learn* and *Train the Facilitators*) and **20 e-games** updated/developed within this project.

What does participation involve?

The programme combines **online learning activities** with international virtual exchange sessions and consists of **two learning modules:**

Career Box
Participants will explore **self-awareness, skills, interests and values, career planning and decision-making, job search strategies, personal branding, CV writing, interview preparation** and **career guidance**.

Learning to Learn Competence
Participants will develop **effective learning strategies**, improve their **planning and organisational skills**, learn how to **manage time and information efficiently**, and adopt habits that support **lifelong learning.**

1st exchange: november - january
2nd exchange: march-may

Asynchronous Activities
Participants will complete learning materials and activities through the **thevoyage.eu platform** at their own pace, with **no time restrictions,** exploring **course materials, individual assignments, reflection exercises** and **collaborative online tasks.**

Synchronous Activities
Participants will join **weekly online sessions** that include **presentations, discussions, debates, intercultural dialogue activities and collaborative group work.** Sessions will take place both in **plenary** and in **smaller groups of 15-20 participants.**

The programme requires **at least 5 hours per week** over a period of **6-10 weeks**. Each live session will last approximately **1.5-2 hours.** Activities are expected to take place between **June and December 2026**, with **exact dates to be announced.**
